## THREE MEN CREMATED

By the Burning of the Ackerman Hotel at Loogootee, Ind.

Two of Them Were Successful Candidates for County Treasurer and Auditor.

INDIANAPOLIS, Nov. 3.—A special to the Daily News from Loogootee, Martin County, Ind., says that at 8 o'clock this morning the Ackerman Hotel, a two-story frame building, was burned, and three men perished in the flames. They were forgotten in the excitement until it was too late to save them. Two of them were John G. Gates and Michael Tracey, who were yesterday elected Treasurer and Auditor, respectively, of Martin County. Worms out by the exertions of the day, they retired at late hour and were not awakened until it was late to escape. One was a death of torture, as indicated by the position in which his body was found. The third victim was John Hurch, whose presence in the building was unknown. He leaves a family of four children. Gates has eleven children, mostly grown.

## SEA COW CAPTURED.

It resembles a huge loaf of Vienna bread, with the thick end for a head. New York, Nov. 8.—Moses Chelch and Bro., of this city, have received from their South American correspondents a young manatee or sea cow, which was captured recently in the Amazon river. It is a female, about eight months old, and weighs about one hundred pounds. This is the second manate ever exhibited in this country, the first having been brought from Brazil about five years ago when it was exhibited in the New York Aquarium, the cost of outfit being \$10,000. It is about six feet in length and one and a half in breadth, and resembles a huge black loaf of Vienna bread, with the thick end for a head, or, more properly speaking, the mouth, for head it has none. Its eyes, which are small and black, like shoe buttons, being set in in a most singular position, the skin is tough and elastic like India rubber, black, except for a white patch, which is as white as a man's hand. It propels itself by means of two flippers and a large broad tail, hard and solid as a board. Its natural food is seaweed, but since its captivity it has been fed entirely on bread and crackers, which it eats with a relish sometimes greedily, and at other times with great difficulty, by means of its fingers on its under lip, like those at the end of an elephant's trunk. Messrs. Chelch do not know what its future will be, but think it may be sent to some European zoological collection.

## Explosion of a Powder-House.

PHILADELPHIA, Nov. 3.—After a terrific explosion followed by a crashing of glass and flying timber started McDonald Station citizens at 3:30 o'clock this afternoon. The startled people found that a large quantity of powder stored in the cellar of the general store had exploded, scattering debris over a space of thirty-five or forty-five seconds duration.

CHICAGO, Nov. 4.—Captain Frank Joy, who was in charge of the train-load of Pinkerton special police accused of having shot and killed Terrence Bogley at the close of the recent strike of packing-house employees, has been captured and was to-day placed in a cell in the county jail to await the action of the grand jury. An effort will probably be made to-morrow to secure his release on bail.

## DYNAMITE GUN CRUISER.

The New and Novel Vessel for Uncle Sam's Navy.

NEW YORK, Nov. 4.—Charles A. Cramp came here from Philadelphia yesterday morning, and it is stated that he made an agreement with the Pneumatic Dynamite Gun Company by which his firm will accept the contract offered by Secretary Whitney for building the dynamite gun cruiser that Congress authorized him to contract for last winter. The vessel is to make twenty knots an hour and to be manned with three dynamite guns capable of throwing a 200 pound shell at least a mile once every two minutes. It is to cost not more than \$100,000. Should the Government not meet these requirements when completed the contractors are to refund the \$20,000 expended on it by the Government. Bonds to that amount must be filed with Secretary Whitney by the contractors before work is begun.

## AN APACHE'S DESPAIR.

Maaga tries to kill himself rather than go to Florida.

KANSAS CITY, Nov. 4.—Mangus, head chief of the Chinchorra Apaches, and thirteen bucks and squaws, passed through here yesterday enroute to Fort Marion, Fla. While the party were going through the car window and some distance beyond the car window, Mangus jumped through the car window and was captured. He was obtained by the Indians, who had surrounded the car and stalled himself in half a dozen places, inflicting serious wounds. The morning he attacked his interpreter, striking the man about the head with the shackles on his wrists. During the subsequent upward of the train started, carrying off all the party except the interpreter, who was left behind and will follow to-night.

## Capture of Frank Joy.

CHICAGO, Nov. 4.—Captain Frank Joy, who was in charge of the train-load of Pinkerton special police accused of having shot and killed Terrence Bogley at the close of the recent strike of packing-house employees, has been captured and was to-day placed in a cell in the county jail to await the action of the grand jury. An effort will probably be made to-morrow to secure his release on bail.

COURT-HOUSE WITH ALL RECORDS DESTROYED.

LANCASTER, N. H., Nov. 4.—The courthouse, containing the county office, was burned this morning. The origin of the fire is not known, but it is thought to have been caused by an explosion of gas immediately after which flames burst from the front door, windows and roof. All records and papers were burned. Loss on the building about \$30,000; insurance, \$10,000.

## Libar to Organize for 1888.

NEW YORK, Nov. 4.—The Central Labor Union Campaign Committee met to-night and considered the question of forming a permanent political organization. A call will issue soon to all districts, for delegates to meet in the hall of the general headquarters of the Knights of Labor, at 12th and Market streets, on November 15, at which it is proposed to form a new party that shall take an active part in the canvass of 1888.

## A Canadian "Tourist" Arrested.

CHICAGO, Nov. 4.—A Montreal special says: John F. Ihlo, the Peoria embossing bank cashier, has been arrested here by a Chicago detective. He was travelling under the alias of George Hanna. He admits that he embezzled \$172,000 and says he lost the money speculating in grain. Witnesses from Peoria and extradition papers are exonerated Friday.

## Six Near and Yet So Far.

JOLIET, Ill., Nov. 4.—Erastus Nolla, a noted burglar and thief, completed his second term at Joliet prison this afternoon, and was about to step forth to freedom when he was seized by a guard and thrown into the cell block. After a struggle he was taken to the office of the State's attorney, where he was held in custody. Two clerks in the store, whose names could not be learned, were severely injured by flying missiles. The building is a complete wreck, and will have to be torn down. Both ends have been blown out, and the roof torn off. Loss estimated at over \$18,000 on tools and building. After the explosion the building stood upright, when the flames were quickly extinguished. The destruction of the store will be seriously felt by six or eight hundred coal miners who deal there.

## An Old Quail Ended in Two Deaths.

PORTSMOUTH, Nov. 8.—At Milford point, four miles from this place, Robert Wigler was shot and instantly killed and Marvin Nichols received a wound which will undoubtedly prove fatal. An old friend of Wigler had been sent to him this morning, and his three sons met Wigler and renewed the quarrel, when McClellan, sr., attacked his old enemy. The latter drew his revolver and fired, inflicting a fatal wound. The wounded man's sons then produced their weapons and after the exchange of a few shots, Wigler sank to the ground shot through the body and died almost immediately.

## Brahmin by an Icane Wife.

CINCINNATI, O., Nov. 8.—Lydia Gillin, aged sixty-one years, during a fit of mental aberration last night assaulted her husband, Calvin P. Gillin, with an axe. She struck him on the head twice, one of the two entirely severing one of his fingers and driving the steel into the back of his head. It is thought that the injury is not fatal. The wife, too, was severely hurt by the blow.

## The Fire Losses of the Year.

NEW YORK, Nov. 4.—The loss by fire in the United States and Canada for October was \$12,000,000, 50 per cent. more than the average of October fire losses during the past 10 years. This makes \$95,000,000 the fire losses for the 10 months of 1886.

## A Relative of Governor Foraker Killed.

SALINA, KAN., Nov. 4.—Asmud Head was shot dead by Wat Chilson last night in a political quarrel. Both were prominent farmers and politicians. ## EARTH TREMORS.

Particularly Severe in the Southern States.

The Residents of Columbia, S. C., Leave Their Homes.

CHARLESTON, S. C., Nov. 5.—During the earthquake shock which occurred here to-day at twenty-six minutes past twelve o'clock, all of the public schools were in session. At the most of the white schools the scholars stood the shock pretty well, but at several of the colored schools quite a panic took place. At the Bethel Church Colored School, during the rush which was made for the door, three children were thrown down, and a little girl who jumped out of the window, was seriously injured. In another of the colored schools several more of the scholars were injured by falling plastering. None of the injured, however, are fatally hurt. The disturbance at school was very severe at Summerville, and was sharply felt throughout the State. The students were compelled to leave their classes and go home. The water was low, and the bridge across the Savannah, and as far north as Lynchburg. At Savannah there was considerable excitement, and one or two of the public schools narrowly escaped a panic. In this city no serious damage is reported beyond the cracking of a few brick walls and the tumbling down of a few masonry. To-day's shock was the most violent experienced in this city since the great one of 1885, and was accompanied by a tremor of nearly forty seconds duration. The direction of the waves was from south to north, and the motion was of a compound character, up and down and from side to side. Although there has been no interruption to business in consequence of to-day's disturbance, there is manifest a very general fear of a recurrence of the great shock of 1885.

COLUMBIA, S. C., Nov. 5.—A heavy earthquake shock was experienced in this city at 12:30 p.m., rocking buildings, knocking down loose plastering and causing people to flee from their houses to the middle of the street. The shock lasted fully forty seconds, and was accompanied by the usual loud roaring, and was second only in energy to the great quake of August 31.

The Democrats gained one Congressman in Colorado, one in Louisiana, two in Massachusetts, three in Minnesota, one in Nebraska, one in Pennsylvania, one in South Carolina, three in California, and one in Tennessee.

Democratic losses reduce their majority in the Fiftieth Congress to 19.

California sends two Republicans and four Democrats to represent her in the fiftieth Congress. In the present Congress that State has five Republicans and one Democrat. The Democrats also succeeded at the last election in obtaining a majority in the Legislature of California, which means that a Democrat will be sent to the Senate.

The fatal burning of Miss Sallie McGrath, which took place last Sunday morning before she began dressing for breakfast, April 1 from which she died at 1 p.m., was one of the most distressing events of the kind that ever happened in this community. She was tenderly beloved by all and most by those nearest to her domestic and social relations. She was buried in the Danville cemetery Monday at 12 m. in the presence of the largest concourse of citizens assembled there in years. It is a fact not generally known that when two-thirds of the human body is injured to the extent of blister, death is inevitable. In such cases it is not deep burning that becomes fatal so much as extensive surface burning. The light apparel worn for night dresses at this season of the year is particularly dangerous. It will burn in a flash instantly, and though immediately consumed still lasts long enough to scorch almost the entire body, which is inevitable death.—Lexington Observer.

The Washington correspondent of the Courier-Journal gives the following as Senator Kennan's views on the result of the elections.

He said to-day that he thought the Democrats were in very good shape. The result of the election he considers far from disastrous to them. They have a good working majority in the House, and there is nothing, he says, to make them uneasy about 1888. The Senate will stand 37 Democrats and 37 Republicans, leaving Van Wyck and Riddleberger out. In the House he estimates the Democratic majority at 22, counting the labor candidates as Democrats. He says he has not had time to look over the field so as to judge what significance the election may have on the tariff.

Democratic losses reduce their majority in the Fiftieth Congress to 19.

California sends two Republicans and four Democrats to represent her in the fiftieth Congress. In the present Congress that State has five Republicans and one Democrat. The Democrats also succeeded at the last election in obtaining a majority in the Legislature of California, which means that a Democrat will be sent to the Senate.

The following is a list of the pupils of Miss Hannah Moore who were not absent from school during the month of October:

GIANTS.—Lilly Caperton, Stella Leffingwell, Lu Vinson and Kittle Wrotton.

HOVES.—John Phillips, Ben Leffingwell, Frank Marcus, Milt Higgin, John Burchett, Geiger Hurchett, George Burgess and John Jones.

We do not along this way but once and it is our duty to relieve all the suffering and sorrow we meet, if possible. Therefore be it resolved that each of us who comes across a sufferer with piles, will tell him there is a balm in Gilead in the shape of Tablor's Hunckeye Pile Ointment. It is a great remedy.

What is the secret of your bread? Than mine 'tis so much whiter; Mine, half the time, is just like lead— Than feathers yours is lighter."

"Well, Jane, I'll lisp it in your ear, My skill you must not flatter, J. Mourou Taylor's Gold Metal Soda or Saleratus, dear,

Now, that is what's the matter."

We have received too late for review "An Old Woman's Story", a book written by a gentleman well and favorably known in this community—Mr. W. T. Pierson. A notice of the work will appear in our next, and in the meantime we advise our friends to read the book, assuring them that from what we know of the ability of the author the cost of the book will be well invested.

In the snowing, in the blowing, in the cruel sheet, the most comforting assurance we can have is that all coughs, colds, and diseases of the throat and lungs, will yield to that most excellent preparation known as Consens' Honey of Tar. It is pleasant and efficacious when used simply for clearing the voice, removing hoarseness, etc.

Some new books have been received at the Louisa Library, the works of Prescott, Huxley, Spencer and Irving. Historical Evidences of Christianity; Haworth's Intellectual Life, Poems of William Cullen Bryant, etc. The collection of books in this Library is splendid, and every citizen of Louisa should become a member, so as to profitably employ the long winter evenings now on hand.

If all mothers knew the virtue of Consens' Honey of Tar, when used for whooping cough, they would get a bottle for their little ones when needed. It is not claimed that this preparation will cure whooping cough, but it is a simple fact that it will lessen its severity and duration, and never fails to cure colds, colds and diseases of the throat and lungs. No family should be without it.

Report of attendance and grade of recitation in the Principal's room of the Louisa Public School for the month ending Nov. 5th.

3 means perfect, 2 fair and 1 bad. In this report I have allowed each pupil the figure which occurred oftentimes in his recitations. This month's report will be given in certain per cent., one hundred being the highest. Some parents will doubtless be surprised at the number of absences from roll call. I hope they will correct the evil.

## THE ELECTIONS.

Latest Returns from Tuesday's Struggle at the Polls.

A Concise Statement of the Result So Far as Ascertained—The Next House—Norris Defeated in Illinois—Carlisle's Election in Doubt.

### SUMMARY OF THE RESULT.

**WASHINGTON,** Nov. 5.—Mr. Edward McPherson, secretary of the Republican Congressional Committee, makes the following computation from returns received up to nine o'clock last evening of the political complexion of the House of Representatives of the Fifteenth Congress:

"The returns as far as received indicate the election of 154 Republicans, 159 Democrats, 5 Labor and Independent & doubtful, 1 vacancy—222. The doubtful are one in Illinois (Landes), one in Kentucky (Carlisle), one in Ohio (Campbell), and three in Missouri (Clerk, Givens, and Mansur). The Labor and Independents are one in Florida (Pendleton); one in Indiana (Marsh); one in Iowa (Anderson); one in Virginia (Hopkins); one in Wisconsin (Smith). If the Democrats get four of the doubtful they will have a majority of the House."

**WASHINGTON,** Nov. 5.—It looks at present as if the election of Tuesday might not have changed to the least the complexion of the next United States Senate.

Eighteen members of the Senate will leave their body on the expiration of their terms next March—eleven Republicans and seven Democrats. The Republicans are Dawes, of Massachusetts; Hobart, of Connecticut; Miller, of New York; Mitchell, of Pennsylvania; Sewell, of New Jersey; Conger, of Michigan; Harrison, of Indiana; Sawyer, of Wisconsin; and Williams of Minnesota; Van Wyck, of Nebraska; and Williams of California. The Democrats are: Gray, of Delaware; Jones, of Florida; Fair of Nevada; Whithorne, of Tennessee; Maxey, of Texas; Camden, of West Virginia; and Cockrell, of Missouri. It is not obvious that any of these eighteen men have been thrown out of their seats by the election of Tuesday. Two are in doubt, and they are Republicans—Sewell, of New Jersey, and McMillan, of Minnesota. Some others, indeed, may not be returned, but if superseded it will be by men of their party faith.

### IN THE NORTHEAST.

**ILLINOIS.**—The Republican candidates for State Treasurer and Superintendent of Public Instruction are elected by a majority estimated at \$2,000. The greatest surprise is the defeat of William Morris for Congress in the Eighteenth district by Jebu Baker. As near as can be ascertained the vote in the Congressional districts is as follows: Republicans—First district, R. W. Dunham; Third, W. E. Mason; Fourth, George E. Adams; Fifth, A. J. Hopkins; Sixth, R. Hitt; Seventh, T. J. Henderson; Eighth, Ralph Plumb; Ninth, L. E. Payson; Tenth, P. S. Post; Eleventh, W. H. Gust; Fourteenth, J. H. Rowell; Fifteenth, W. G. Cannon; Eighteenth, John Baker; Twentieth, G. A. Aedorus; Thirtieth, W. M. Spriggin; Sixteenth, L. Z. Lunde; Seventeenth, Edward Lane; Nineteenth, R. W. Townsend; total Democrats, 8.

The State Senate will be controlled by the Republicans, they having a majority of 13 in the body, 10 in the House the latest returns show a majority of 3 in favor of the Republicans.

E. M. Haines, Speaker of the last House, failed of re-election.

The amendment to prohibit convict contract labor has a majority in the State approximating 100,000.

**INDIANA.**—There is no longer any doubt of the Republicans having elected their State ticket, with the exception, possibly, that Bruce Carr, the candidate for Auditor, has been defeated by a small majority. The Republicans majority, it is thought, will be about 8,000. The Legislature is in doubt, both parties claiming a majority on joint ballot.

The Republicans are claiming the election of seven Congressmen in this State, which is a gain of three. The most reliable returns show the election of the following:

First district, A. V. Hoye, Rep.; Second, J. H. O'Neill, Dem.; Third, J. G. Howard, Dem.; Fourth, W. S. Holman, Dem.; Fifth, Orlando Matson, Dem.; Sixth, Thomas M. Brown, Rep.; Seventh, William D. Byrum, Dem.; Greenback; Eighth, James T. Johnson, Rep.; Ninth, Joseph B. Cheadle, Rep.; Tenth, William D. Owen, Rep.; Eleventh, George D. Steele, Rep.; Twelfth, James B. White, Rep.; Thirteenth, B. F. Shively, Dem-Labor-Greenback.

**WISCONSIN.**—Governor Ruskin's plurality in the State is about 30,000. The Milwaukee Sentinel figures a Republican majority on joint ballot in the Legislature of 30 over all opposition. The total vote of the People's party is the State is placed at 25,000.

The Congressional delegation will probably stand 7 Republicans, 1 Democrat and 1 People's party, though the first is in doubt. Returns are so meager that it is not possible to tell whether James Doolittle, Dem., has defeated Caswell, Rep. From the latest returns the delegation will be as follows: First district, L. B. Caldwell, Rep.; Second, Richard Gauthier, Rep.; Third, R. M. Le Felette, Rep.; Fourth, Henry Smith, Labor; Fifth, Thomas R. Rudd, Dem.; Sixth, Charles B. Clark, Rep.; Seventh, O. B. Thomas, Rep.; Eighth, W. T. Price, Rep.; Ninth, Isaac Stophorus, Rep.

**MICHIGAN.**—The indications are that Luce, Rep., for Governor has 7,000 plurality in Michigan, the Legislature of which State will be heavily Republicans. The Congressional delegation stands 6 Republicans and 5 Democrats or Fusionists, a Republican gain of 2 seats. The list is as follows:

First district, Chipman, Fusion; Second, Allen, Rep.; Third, O'Donnell, Rep.;

Fourth, Burrows, Rep.; Fifth, Ford, Fusion;

Sixth, Brewer, Rep.; Seventh, Whitling, Fusion; Eighth, Tarsney, Fusion;

Ninth, Cutcher, Rep.; Tenth, Fisher, Fusion; Eleventh, Moffatt, Rep.

**LOUISIANA.**—The non-Republican majority in this State is over 15,000. The Congressional delegation stands 1st district, John H. Gear, Rep.; Second, W. L. Hayes, Dem.; Third, D. B. Henderson, Rep.; Fourth, W. E. Fuller, Rep.; Fifth, Daniel Korr, Rep.; Sixth, J. B. Weaver, Dem.; Seventh, E. H. Conner, Rep.; Eighth, A. R. Anderson, Dem.; Ninth, Joseph Lyons, Rep.; Tenth, A. J. Holmes, Rep.; Eleventh, Isaac Struble, Rep.

**MINNESOTA.**—Returns come in very slowly. Republicans claim McGill's election by 5,000 majority, while the Democrats insist that the official vote will show Ames to have been victorious. The Republicans have a majority of twenty-six on joint ballot. The Congressional delegation will stand: First district, Thomas Wilson, Dem.; Second, John Lind, Rep.; Third, J. L. McDonald, Dem.; Fourth, Edmund Rice, Dem.; Fifth, Knoll Olson, Rep.

On the close estimate places the Republicans majority for Secretary of State at 5,000.

As near as can be ascertained the Congressional delegation will stand as follows:

First district, Benjamin Butterworth, Rep.; Second, C. E. Brown, Rep.; Third, E. S. Williams, Rep.; Fourth, S. S. Yoder, Dem.; Fifth, G. E. Soney, Dem.; Sixth, M. M. Boothman, Rep.; Seventh, J. M. Campbell, Dem.; Eighth, R. P. Kennedy, Rep.

Rep.; Ninth, — Puggsley, Rep.; Tenth, Jacob Romels, Rep.; Eleventh, A. C. Thompson, Rep.; Twelfth, W. C. Cooper, Rep.; Thirteenth, J. H. Outhwaite, Dem.; Fourteenth, C. P. Wickham, Rep.; Fifteenth, C. H. Grosvenor, Rep.; Sixteenth, Beriah Wilkins, Dem.; Seventeenth, J. D. Taylor, Rep.; Eighteenth, W. McKinley, Jr., Rep.; Nineteenth, E. T. Taylor, Rep.; Twentieth, G. W. Cross, Rep.; Twenty-first, M. A. Foran, Dem.

### OTHER STATES.

**ALABAMA.**—Sends a solid Democratic delegation to Congress.

**DELAWARE.**—Biggs, Dem., for Governor, has about 5,000 majority. The Democrats have control of the Legislature.

**FLORIDA.**—A solid Democratic Congressional delegation is returned to Congress.

**GEORGIA.**—All the Democratic Congressional candidates were elected.

**Louisiana.**—The delegation to the new Congress will be solidly Democratic.

**NEBRASKA.**—Incomplete returns give Thayer, Rep., for Governor, a majority of about 20,000. The Democrats elect one member of Congress—their first. A majority of the new members of the Legislature are instructed to vote for Van Wyck for United States Senator.

**NEW HAMPSHIRE.**—The vote for Governor was so close that my choice was made by the people, and the Legislature will be compelled to vote for that officer. As the Republicans have a majority on joint ballot it is probable that Sawyer, the late Republican candidate, will be chosen. Each party elects a member of Congress.

**PENNSYLVANIA.**—The vote for Governor in the entire State, lacking four counties, is Beaver, Rep., 81,420; Black, Dem., 32,340.

The Republicans have a majority in both houses of the Legislature. The new Congressional delegation will consist of 19 Republicans and 9 Democrats.

**RHOADE ISLAND.**—In the First Congressional district, Spoorer, Rep., is re-elected; there is no choice in the Second district.

**SOUTH CAROLINA.**—Every thing Democratic, there being no opposition.

**NEVADA.**—The Republicans made a clean sweep of the State except Supreme Judge.

**MARYLAND.**—The Congressional delegation will stand: Democrats, 6; Republicans, 1.

**VAIRGINIA.**—The Democrats lose five Congressmen in the Old Dominion. The delegation will stand: Republicans, 6; Democrats, 3; Labor, 1.

**MISSISSIPPI.**—Elected a solid delegation of seven members to Congress.

**TEXAS.**—The entire Democratic Congressional ticket, eleven members in all, is elected.

**THE TEXAS.**—Dakota returns Gifford, Rep., to Congress, and elects a Republican Legislature. Arizona elects Smith, Dem., delegate to Congress. Democrats—First district, R. W. Dunham; Third, W. E. Mason; Fourth, George E. Adams; Fifth, A. J. Hopkins; Sixth, R. Hitt; Seventh, T. J. Henderson; Eighth, Ralph Plumb; Ninth, L. E. Payson; Tenth, P. S. Post; Eleventh, W. H. Gust; Fourteenth, J. H. Rowell; Fifteenth, W. G. Cannon; Eighteenth, John Baker; Twentieth, G. A. Aedorus; Thirtieth, W. M. Spriggin; Sixteenth, L. Z. Lunde; Seventeenth, Edward Lane; Nineteenth, R. W. Townsend; total Democrats, 8.
